

Discussion Topics for District 65 Focus Groups

What does high school readiness look like?

What does the district need to provide for every student? What is District 65 currently doing/not doing to support success for every District 65 student?

How can and does an individual school contribute to the success of every student?

What does a positive, successful classroom teaching and learning experience look like for students and teachers?

What do you need to improve your connection and contribution to District 65 and your child's school experience?

What are the potential solutions/actions District 65 can take to address disparities in achievement?

If District 65 were to be known for doing one thing well in three years, what should it be? If the district is going to do one new thing in the next three years, what should it be?
